The Technicolor Federal Credit Union (“Credit Union”) Save to Win® Savings Promotion Drawing (“Drawing”) begins on January 1 and ends December 31 of the current year (“Drawing Period”). The following Official Account and Prize Entry Rules (“Official Rules”) apply to all Drawing participants which include all Eligible Members and Eligible Employee/Official Members, and apply for all applicable Prize Drawings which includes the Central Prize Drawings, any applicable Credit Union Prize Drawings, and any applicable Employee/Official Pool Prize Drawings

Who May Enter: The Drawing is open to all natural persons who, at the time of entry (a) are Credit Union members, (b) are at least 18 years of age, (c) are residents of a state in which Prize Linked Savings is permitted, and (d) who maintain a regular share account in good standing with the Credit Union (“Eligible Members”). All Eligible Members are eligible to participate in this Drawing for all applicable Prize Drawings, as defined under the Prize Drawings section of these Official Rules.

Officers, directors, and employees of the participating Credit Union (“Employee/Official”), are not eligible to participate in the Central Prize Drawings and Credit Union Prize Drawings within this Drawing; however, they may be eligible to participate in the Employee/Official Pool Prize Drawings within this Drawing, as defined in the Prize Drawings section of these Official Rules. Employee/Official Pool Prize Drawings are open to all natural persons who, at the time of entry (a) are Credit Union members, (b) are officers, directors, or employees of the Credit Union, (c) are at least 18 years of age, (c) are residents of a state in which Prize Linked Savings is permitted, and (e) maintain a regular share account in good standing with the Credit Union (“Eligible Employee/Official Members”). If a Credit Union member becomes an officer, director, or employee, then that person will no longer qualify for the Central Prize Drawings and any applicable Credit Union Prize Drawings within this Drawing, as of the date their account becomes coded as an Employee/Official account, but that person may qualify for the Employee/Official Pool Prize Drawings. If an Employee/Official leaves their position with the Credit Union as an officer, director, or employee, that person will be reclassified as a regular Credit Union member, and when their account is updated in the system as a non-employee/official account, they will then qualify for the Central Prize Drawings and any applicable Credit Union Prize Drawings only within this Drawing.

Some states may impose other eligibility requirements. Where applicable state law imposes other eligibility requirements, those eligibility requirements will control. Entries received from persons who do not meet the requirements of an Eligible Member or Eligible Employee/Official Member will not be included in the applicable Prize Drawings within this Drawing.

Qualifying Save To Win Account: The Credit Union will establish a Qualifying Save To Win Account (“Qualifying Account”). A Qualifying Account may be either a share savings, share certificate or certificate of deposit depending on the account structure and offerings of the Credit Union, as determined by the Credit Union in its sole discretion. You are limited to having only one Qualifying Save to Win Account at each participating credit union. Rates and other terms and conditions of a Qualifying Account may vary among participating credit unions. Please refer to your credit union’s account disclosures for other account details, any account limitations and/or applicable fees. For Washington residents only, Eligible Qualifying Share Accounts are those that are opened in a branch, by mail, by phone or by remote registration.

How to Enter:

To participate in the Drawing for any Central Prize Drawings and any applicable Credit Union Prize Drawings, Eligible Members must open a Qualifying Save To Win Account with the participating Credit Union during the Drawing Period (“Participating Member”) and not be an Employee/Official Members of the Credit Union.

To participate in the Employee/Official Pool Prize Drawings, Eligible Employee/Official Members must open a Qualifying Save To Win Account with the participating Credit Union during the Drawing Period (“Participating Employee/Official Members”).

Refer to your Credit Union’s account disclosures for any other account details, account limitations and/or applicable fees.

How Drawing Entries work: Each Participating Member or Participating Employee/Official Member will receive Drawing entries automatically based upon the following:

- One (1) entry for every \$25 increase in the monthly balance of the Qualifying Save To Win account at month’s end.
- A maximum of one hundred (100) entries per month for each monthly Prize Drawing.
- A maximum of three hundred (300) entries for each quarterly Prize Drawing.
- A maximum of twelve hundred (1200) entries for each annual Prize Drawing (if applicable).

Automatic entries will be recorded by the Credit Union once the balance is calculated at month-end processing. Entries are calculated based on a month-over-month balance increase on the Save to Win member record, as reported by the credit union in the monthly data file each month. This means there must be an increase of at least \$25 in the reported ending balance of the current month when compared to the reported ending balance of the previous month. If a Qualifying Account is closed and a new Qualifying Account is opened for any reason during the month, the month-end balance reported by the credit union in the previous month’s data file will be used as the starting balance for the current month to calculate the month-over-month balance increase, which constitutes entries for the current month. If you qualify to open an account at different participating credit unions, you may open a Save To Win account at each credit union, however, you are limited to having only one Qualifying Save to Win Account at each participating credit union. You will earn entries at each institution independent of the other and subject to each individual credit union’s rules, regulations and discretion. Qualifying deposits must be

received and posted by the Credit Union by midnight Pacific Time on the last day of each month. Automatic entries are eligible to win only during the Drawing Period in which they were submitted. For the purposes of these Official Rules, the Drawing Period shall be defined as the last day of each month for any applicable monthly drawings, the last day of each quarter for any applicable quarterly drawings, and the last day of each calendar year for any applicable annual drawings ("Drawing Period"). Other than making deposits as described in these Official Rules, no other action, and no other purchase or other consideration is required for an entry into a prize drawing.
